

Description: General purpose floor polisher and sealant.

Intended use: Provides a long lasting and low maintenance solution, retarding floor soiling and wear.

Features & Benefits: Its strong, resilient finish does not build up. No stripping is needed between applications, sealing and shining in one operation.
Shining Floors is also an economic coating formulation, detergent and slip resistant. Ideal solution for hospitals, office blocks, cafeterias, veterinarians, etc. Shining Floors might be buffed for higher shine.

Limitations: Non defined.

Sizes: 1L, 5L, 25L, 205L, 1000L.

Dilution: Concentrated formula. See below for dilutions for specific applications.

Clean up: Clean equipment with water.

Typical Physical Properties:

Appearance & Odour	White liquid, ammoniac odour
Melting/Softening Point	Approx. 0°C
Boiling Point & Vapour Pressure	Approx. 100°C at 100kPa
Volatile Materials	Water Component
Flashpoint	Does not burn
Specific Gravity	No data
Solubility in Water	Completely soluble
Corrosiveness	Non corrosive
Shelf Life	3 years after manufacture date

Identification:

UN No.	None Allocated
Dangerous Goods Class	None Allocated
Hazchem Code	None Allocated
Sub Risk Class	None Allocated
Packaging Group	None Allocated
Poison Schedule	Not Scheduled

Application Instructions:

Saturate an applicator and apply a thin even coat of Shining Floors to the floor, applying in one direction. Allow 20 minutes for drying time (will vary with atmospheric conditions). Apply second coat in opposite direction. Final coat may be buffed if higher shine is desired. Clean with a mild detergent such as Cyndan Deoda Clean.
