Attention: Cyndan Team

For the past 6 years, A&D Frameless Glass P/L has offered your product on a large portion of our frameless glass shower screens. And to date, we can boldly state that we have not had one complaint concerning your product, which in this industry is very commendable. A&D Frameless Glass P/L has been in business for 16 years and, before using your product, we used products similar to your own and found them to not live up to our, or our clients, high standards.

We congratulate your team for providing a dependable product, day-in-day-out, that offers our clients piece of mind that their glass is protected.

We wish your team all the very best for the future and look forward to many more years of business to come.

Kind regards,

A&D Frameless Glass Pty Ltd
