AIRCON UNIT CLEANER

UN 1760 HAZCHEM CODE 2X PACKAGING GROUP II

Cyndan Aircon Unit Cleaner is a very powerful alkaline general purpose cleaner for the air conditioning industry. It can be used for cleaning filters and the outside of internal units. General purpose cleaning of oils and other general contaminants and also a general purpose cleaner. It will remove built up carbon deposits as well as smoke and electrical fume residue.

APPLICATIONS Refrigeration companies, Cool Room cleaning, Filtering cleaning, general purpose cleaning of the exterior of units

DIRECTIONS:

Filters: Dilute 1-10 parts with water.
Coils and condenser fins: 1-8 parts with water.
General purpose cleaning: 1-10 parts with water.
Heavy cleaning: 1-8 parts with water.

Hold container 150-250mm away from the surface to be cleaned. Either use a direct spray or mist to cover the surfaces to be cleaned. Allow the product to penetrate into the areas to be cleaned for approx. 5-8 minutes. Then using clean water either wash down the areas or wipe down with a wet rag. Dry surfaces if they are internal.

Always suitable PPE when using in a confined space. Light face mask and eye protection.

SAFETY: Corrosive. Avoid contact with eyes and skin. Wear protective clothing, gloves and eye protection.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes. If skin contact occurs, remove contaminated clothing and rinse for 15 minutes with soap and water. Ensure clothing is washed thoroughly before using again.
